Officers writing from the army and navy camps and training stations, declare that the strongest tonic that can be given an American boy, either here or "over there" is a cheerful letter from home. Suppose you send one to that soldier boy today! Put yourself in his place, and see how glad you'd be!

**ATTENTION, READERS!**

The attention of our readers is called to the fact that news items in this issue are spread out on different pages and not confined to any certain ones. A rush of advertising matter at a late hour compels placing local reading matter on other than the two inside pages. It is the general impression that the "local" pages of a weekly paper, which are generally the fourth and fifth pages, always contain the cream of the news. Such is not the case with THE NEWS. News items and other interesting reading may be found on every page of this issue.

Read every page of THE NEWS, for you will be sure to find something to interest you. Don't miss them!

**CAMPAIGN FOR BOOKS FOR SOLDIERS NOT ENDED HERE.**

More than 1,250 books have been given by the citizens of Paris and Bourbon county to make the life of the soldier and the sailor in camp, both here and "over there" enjoyable. This is the statement made recently to THE NEWS man by Miss Imogene Redmon, librarian of the Paris Public Library, who was in charge of the local campaign for books to be sent to the Kentucky Boys' Y. M. C. A. at Camp Shelby and other places.

This is part of the 2,500,000 books which have been donated by the American nation. But the campaign has not yet ended. It will continue until the end of the war, as the number of soldiers and the demand for the books is increasing, and new books must constantly be given to take the places of those volumes which have passed from hand to hand among the soldiers.

Books will be gladly received at any time the Paris Library is open, and their receipt cheerfully acknowledged. Be one of the many to contribute now.

**HEALTH AND WELFARE LEAGUE CLEAN-UP DAYS.**

Friday and Saturday, April 26 and 27, have been designated by the Bourbon County Health and Welfare League as annual "Clean-up Days," in conjunction with the clean-up movement that will be in progress all over the State.

The League will observe the same program that has obtained for several years past. They request property owners and housekeepers to collect all trash and rubbish from their premises, put it in barrels, to be placed in convenient places. The city will provide wagons and carts to carry the refuse away.

Anyone wishing such work done, cleaning up, putting trash in barrels, etc., can obtain reliable help by telephoning Mr. Thos. Smith, Scoutmaster of the Boy Scouts, at the Y. M. C. A., who will furnish Boy Scouts to perform the work at fifteen cents per hour.

**FORMER LEXINGTON MAN MADE MAJOR-GENERAL.**

Brig. Gen. George B. Duncan, former resident of Lexington, was one of the ten Brigadier Generals of the National Army nominated by President Wilson to be Major Generals. Gen. Duncan was born in Kentucky, October 10, 1861, and was appointed to the Military Academy from his native State.

George B. Duncan is a son of the late Mayor Henry T. Duncan, of Lexington. He has been in the army about thirty years. He is a graduate of West Point and has a distinguished career in Hawaii and the Philippines. He has been promoted repeatedly and is now third in command to Gen. Pershing. Duncan was decorated last September for bravery under fire, when he, with another American officer, occupied an advanced position under German shells during a battle.

**NAVAL RECRUITING STATION TO SEEK RECRUITS.**

An extensive campaign for recruits to the United States Navy is to be undertaken in this district, to begin Monday. The big drive will be in charge of Chief Gunner's Mate Emmett Fordyce, U. S. N., of the Lexington Recruiting Station.

The party in charge of Gunner's Mate Fordyce will visit all the towns in Central Kentucky. The schedule as arranged so far embraces Paris, Frankfort, Georgetown, Cynthiana, Danville, Nicholasville, Versailles, Midway, Falmouth, Winchester, Mt. Sterling and several other places.

The recruiting party will be in Paris, at the Paris postoffice, on Friday, May 3. The officials have made this late date in order to give more publicity to their coming. There is plenty of good material in Paris and Bourbon county for the navy.

**PROMOTED TO MANAGER OF SIMON STORE HERE.**

Mr. Harry Simon, who now owns and operates department stores in both Paris and Lexington, being unable to give his undivided attention to both, has promoted Mr. Fred Miller, of this city, to the position of manager of the Paris store. Mr. Simon will remain in charge of the Lexington store, but will visit Paris at intervals in an advisory capacity to the new manager.

Mr. Miller has been with the Simon store for a number of years, and has proven by his close attention to business and a due appreciation of the needs of the community, that he could be placed in charge of the business with assurance that it would be carefully attended to. Mr. Miller is a young man of integrity and good business judgment. He has for many years been one of the head salesmen and window dressers for the Simon store, and in these positions has shown an aptness and quickness to grasp details and apply them practically. Mr. Simon has made a wise choice of manager for his Paris store, and the future will show that his confidence has not been misplaced.

**AUTOISTS HAVE A NARROW ESCAPE.**

N. B. Hedges and J. C. Dodson, both of Paris, had a narrow escape from serious injury Wednesday, when their auto crashed into an interurban car near Eighth and High streets.

The men in some manner lost control of their machine, a new Ford, which plunged directly toward the oncoming car. Before the car or the auto could be stopped, the collision took place, the automobile plunging directly into the "cow-catcher" of the interurban. The car was brought to a standstill as quickly as possible. The auto was badly damaged, but the occupants were unhurt. The auto was sent to a repair shop for "adjustments."

In other words, refrigerating both your foods and water, your ice does double duty. If you use bottled water you get an extra holder which is a patented article and can be used only by the manufacturers of the Automatic. The water cooler is lined with snow-white, genuine porcelain—and there is always a refreshing drink of cold water if you have an Automatic, the refrigerator that has everything good, plus.
